

For free-flowing, non-caking product, the **WYSSMONT® TURBO-DRYER®** Thermal Processor is best!

"The Wyssmont dryer is the only dryer that could produce a free-flowing product for us. The product from all other dryers sets up hard in our hoppers."

— *organic crystal manufacturer*

"The Wyssmont dryer makes elegant, free-flowing crystals."

— *organic acid manufacturer*

"We turn it on and forget it."

— *many users*

"We love its reliability, low-maintenance and operation without operator attention."

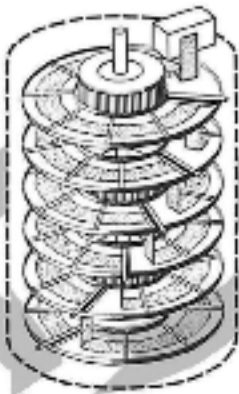

— *many users*

"It's the best piece of equipment in our plant."

— *many users*

"It's a great bulk-solids dryer."

— *inorganic crystal manufacturer*
